What's the Entrepreneur Club About?

Yes, the entrepreneur's prayer breakfast club is a success idea and a business ingredient of 7 top performing women entrepreneurs who, had NO prior business experience, did the unthinkable – Created money-making home-based businesses.

Objective: This organization was created to assist business owners and aspiring entrepreneurs to find their personal truth and to maximize their God given potentials, here in the entrepreneur club you will develop a new skill set while creating the life that you want and desire.

What does that mean? We help you to recognize your greatness in life and give you tools on how to possess it.

What will you gain? Support, tools and exposure for your life and business.

Who are our members? Our members are individuals, business owners and aspiring entrepreneurs that are ready to grow and develop their brand. Expand their businesses, network and their net worth.

The Journey

Our Events

The Hampton Inn in East Hartford CT was filled with complete tears, healing, connection, networking and dreams coming into fruition while being educated on the skills they needed to win in business. This was the beginning of entrepreneurs recognizing that there was more to business than just conversation.

We took action steps and it cultivated into the movement one event at a time.

In doing so, we began to unleash their hidden potentials and now maximizing their bodies, bank accounts and businesses.

Over the Course of the semi fiscal year each event thought us some of these tools. How to:

Create a business network.

Entrepreneur's club enabled entrepreneurs to meet with each other and local business founders and think through issues together. Budding entrepreneurs can discover who they like to work with and how they like to work and can make connections that last beyond developing connections that could lead to startup financing, access to professional business organizations, and more

Transition your passions in to profit

(That's when the interest you earn on your initial investment earns interest) Therefore, we created the entrepreneurs club to eliminate the lack of progress, destroying the poverty curse while earning a decent manageable income to suffice and reinvest in **YOUR** other businesses.

Procreate into many subdivisions

Inside the club we have a host of entrepreneurs that aide in the developing of generational action. This way the tools and strategies are shared for better improvement and functionality of each business owner.

Leading with Resiliency

In June of 2019 the idea came to me while on vacation in Trinidad and Tobago. I got tired of living in scarcity and wanted a change so I returned home and started the Coaches Cohort out of that the EPBC was birthed.

FLORIDA EDITION

As we increased monthly, we decided to take the movement outside of the city walls to impact the masses. While doing that we too started to maximize our own true potentials.

Florida was the most challenging yet rewarding time in the club, the laughter, the conversations and the miracles happening in the room was phenomenal. Life's were changed, books are being written and new ideas was reviewed, and businesses was birthed in that room.

Entrepreneur Gala in CT

“The beginning of the ERA”

The end of year celebration for the club, was greatly received by the friends, family, vendors and other entrepreneurs who were present. The room was filled with business owners from all walks of life. Attending simple to learn more about these entrepreneurs that gathered weekly, shifting the mindset of others and impacting one community at a time. Through this movement we have sponsored the Dare to care foundation Located in Jamaica, supplying them with sanitary products as well as hygienic items for the children. We are looking forward to 2020 for the upcoming events and traveling across the world.

March Jamaica ----Wellness Retreat

May Little Rock Arkansas ---EPBC Workshop

July England ---EPBC Workshop

November Africa ----EPBC Workshop

In between our travels we will host group trainings continuous and launch products and services in our community as well as our neighboring states.
